

CTE-26 FAQ's and Scenarios (FY24)

Frequently Asked Questions

Application – General

Q1: What IRN should be used?

A1: The IRN of the building where the courses taught.

Career Field Pathway Program Application

Q1: CC – College Credit Opportunities section

A1: Does not need to be completed for JTC

Q2: Do I list all courses in the pathway?

A2: List only the 4+ that are planned to be taught

Industry Credential Only Program Application

Q1: How many credentials can I list in one application?

A1: All credentials listed must:

- be in the same career field;
- total at least 12 credential points
- total hours must be less than 920 (Community school) or 1080 (other Public schools)
- a reasonable number that a student could complete in one year (Senior Only credentials)

Q2: How are instructional hours determined?

A2: Instructional hours are determined by the school, but some credentials do have required hours of instruction. Please research the credential to determine instructional hours

CBI Program Application

Q1: CC – College Credit Opportunities section

A1: Does not need to be completed for CBI

FCS/GRADS Program Application

Q1: CC – College Credit Opportunities section

A1: Does not need to be completed for FCS

SCENARIOS

Single CTE:

A Single CTE course is used when not executing a complete career field pathway program in a single provider location. A Single CTE course must be aligned to an approved program of study with an approved provider. A student cannot be required to duplicate a course in a pathway. Two institutions may offer the same course if a student does not have to duplicate the course. All required courses in the provider's approved program of study must be verified in the application.
